About the Institute

SSIPMT fosters an understanding of technical and management education to harvest skilled engineers and efficient managers for the society. The global competitive market requires innovation, transformation and application of bold methodologies, knowledge and determination to challenge conventional practices. SSIPMT has toiled round the clock to achieve this aim in the newly- born state of Chhattisgarh. At the same time, this institution draws its strength from our Indian culture. We transform raw minds into professionals through our focus on education, research and training practices to support the students gain knowledge to renovate and the power to succeed. At SSIPMT, we have always believed that the quest for brilliance requires a transparent and honest approach. The persistent efforts of the management, staff, parents and students together have made it one of the top institutes of technical and management education in Chhattisgarh that constantly gives top rank in university results and a handsome placement of maximum eligible students in MNC giants like Samsung R&D, Amazon, Cypress Semiconductor, HSBC, Tessolve, TCS, Tech Mahindra, Persistent, Syntel, IGATE, KPIT, and the likes. Our commitment is to make every student of the institute ready to take professional stresses skilfully without being subjected to anxiety issues. We develop an urge for “Nothing less than the best” through constant motivation. Our work-culture is continuously being innovated and refreshed to reflect the latest developments in technology and trends. Pure academics are appended with arduous co-curricular activities to generate an all round development of the students.
